1. **Radio Interference** - The Contractor is responsible for the prevention and elimination of radio signal interference from and to the Contractor’s equipment.

   a. OCCC utilizes a county-wide 800 MHz radio system to support the center activities and Public Safety Communications including law enforcement, fire, and emergency medical services. OCCC currently operates ten (10) frequencies in the 851.2000 to 853.6875 range. The Center will migrate to ten (10) new frequencies in the 851.1500/806.1500 to 853.3500/808.3500 range in mid 2012.
