After introductions and a call for public comment, the group proceeded on a tour down I-4 to view potential sites for Orange County's I-4 Ultimate public art project.

Terry Olson pointed out locations around the I-4/Grand Republic interchange that might be good sites for a public art piece to be paid for by a grant from I-4 Mobility. One of the committee members also pointed out a location by Michigan Street and Division Avenue. There was general acclamation that those two spots had potential for public art.

Adjournment: Meeting adjourned at 11:45 a.m.
