Presentations

- Presentation – Emergency Services Programs for Elders
 - Lieutenant Stratman and Mr. Egan provided an overview of Orange County Fire Rescue services, including fire suppression, medical services, technical rescue, hazardous materials, 911 communications, Fire Marshall services and community outreach. In 2016, Fire Rescue responded to 83,374 calls, of which 41% were calls for individuals over age 55 and 26.9% were for individuals over age 65. Lieutenant Stratman overviewed Fire Rescue training and certification requirements as well as discussed protocols for responding to emergency calls. Lieutenant Stratman summarized Fire Rescue special programs including station tours, blood pressure checks, sharp disposal exchange, child safety seat checks, smoke alarm installation, home safety survey, hands-only CPR training and fire extinguisher demonstrations. Lieutenant Statman stated smoking is the number one fire-related cause in the older adult population.
- Presentation – Changes to Florida Elder Abuse Laws
 - Mr. Roy and Ms. Kline provided an overview of the implementation regulations associated with Florida elder abuse laws. Mr. Roy stated no changes are being made to Florida Statutes. The changes center on the redesign of policy in how the Florida Department of Children and Families' Adult Protective Services Office will respond to *immediate* elder abuse reports. Mr. Roy stated for an elder abuse report to be elevated to an *immediate* response, all criteria for an immediate response must be met. During the hours of 8 a.m. to 5 p.m., seven days a week, cases that are tagged for an immediate response will have a four-hour response time. During the hours of 5:01 p.m. to 7:59 a.m., a supervisor will monitor all calls designated as needing immediate response, and will consult and respond to first responders. Mr. Roy stated his office is looking to partner with providers who have the ability to coordinate emergency care. Mr. Roy stated no changes have been made to the response protocols for child abuse calls.

Commission on Aging Update

- Elder Ambassador Program – Ms. Gendron welcomed Ms. Taylor to the Office on Aging. Ms. Taylor has filled a six-month contract position created to help reestablish the Elder Ambassador program. This program trains volunteers to become spokespersons on elder programs and resources in Central Florida. Staff began taking requests for presentations or vendor events on March 1 and a core training program is scheduled for May. Staff is hosting three open houses in March to recruit volunteers for the core training.
- LIFE Information for Elder Seminars – Ms. Gendron stated that staff has begun the process of developing the schedule for the Fall 2017 program. A survey was distributed

to past attendees of the LIFE Information for Elders seminars. The votes have been tallied and the topics that received the highest number of votes will move on to become the topics for the fall.
