RFP #Y13-606-PD

Multi-Jurisdictional Disparity Study

ADDENDUM NO.2

The above Request for Proposal is amended as follows:

1. Change Request for Proposals Acceptance to read: Accepted up to 2:00 PM (local time), Tuesday, September 10, 2013.

2. Questions and Answers:

Question: Do the Project Expenditure Report form and the Relationship Disclosure form need to be notarized by a Florida notary or can it be notarized in another state?

Answer: A notary from any state can notarize these documents.

Question: Do out of state companies bidding on this project need to have an authorized agent in Florida in order to bid?

Answer: No

Question: Page 13 and 14 of the RFP request project examples that examined four years or more of data. Would it be acceptable if proposers submitted some examples of disparity studies that examined three years of data but still met all of the other criteria?

Answer: The minimum requirements of the RFP shall remain as written.

Question: Page 14 of the RFP requests that proposers submit "complete" documents for all submitted examples of disparity studies. Complete documents or reports for disparity studies can be hundreds of pages in length. Could those study reports be submitted electronically on CDs enclosed with the proposals?

Answer: These may be submitted on CDs or thumb drives and must be provided with each copy of the proposal.

Question: Page 25 of the RFP defines the market area for Orange County as the Orlando Metropolitan Statistical Area (MSA). Typically, and most appropriately, the relevant geographic area for a disparity study is determined by the data. Specifically, it is determined by where an agency spent the majority of its contracting dollars during the study period. Is it acceptable for proposers to propose that we

determine the relevant geographic market area as part of the study as opposed to assuming that it is the Orlando MSA?

Answer: The proposers shall identify the relevant market area as a result of the research provided.

Question: The RFP indicates that the Project Manager (PM) must have at least 10 years of experience performing disparity studies. Would it be acceptable for the proposed PM to have 8 years of experience conducting disparity studies if that individual has been involved with more than 20 disparity studies during that time and meets all of the other criteria for a PM that are described in the RFP?

Answer: This minimum 10 year requirement shall remain as written.

Question: Does each agency that will be involved with the disparity study maintain the following data for both prime contracts and all subcontracts awarded during the study period (specifically, all subcontracts awarded to minority and women owned firms and subcontracts awarded to non- minority and women owned firms:

- a. Contractor name and contract information (address, and phone number).
- b. Contract date (prime contract only).
- c. Work Description.
- d. Funding source (federal funding or state/local funding; prime contract only).
- e. Original contract award or budgeted amounts.
- f. Paid to date amounts.
- g. Change order or amendment amounts.

Answer: Orange County (yes to all).

Orange County Public Schools (yes to all)

Greater Orlando Aviation Authority (yes to all)

City of Orlando (yes to all, maintained in B2G)

Question: Are the above data for each agency maintained electronically or in hard copy format?

Answer: Orange County (the above data is available in both electronic and hard copy format).

City of Orlando (the above data is maintained in B2G Monitoring System)

Greater Orlando Aviation Authority (the above data is available electronically)

Orange County Public Schools (The above data is available electronically)

Question: Page 15, Item 3, Technical Approach, states "proposers will provide detailed narratives describing its data collection... Including a review of available directories of certified M/WBE, and firms, and bidders lists, if any.." For each Consortium member, please clarify the following.

- a. The format (such hard copy, Microsoft Excel, databases) and location (such as centralized vs. decentralized) of bidder data, as well as firms submitting responses to proposals for services.

- b. Is race/ethnicity and gender tracked and maintained on firms that bid and/or submit proposals (construction and services)? Is this information maintained on unsuccessful bidders?
- c. Is contact information (specifically email addresses, phone number, local address) on certified M/WBEs, firms that submit bids and/or proposals?
- d. As far as certification, is expired and current certification tracked and maintained?

Answer: Orange County (a. The format shall be databases and the location shall be decentralized; b. Yes this information is maintained; c. Yes this information is maintained; d. Yes this information is tracked and maintained).

City of Orlando (a. Bid tabs available – hard copy, excel and is centralized; b. Procurement: City Certification indentified w/bid, proposal; c. yes; d. yes, database

Greater Orlando Aviation Authority (The Authority maintains directories of its DBE and ACBE firms, MWBE and LDB firms as well as current certifications. Bidder data is held in electronic format, bidder data (not awarded can be obtained). Data is held with gender and race identifiers. Yes most contact data is available. Not sure if non- minority contact data is secured).

Orange County Public Schools (a. Bidder data is available in hardcopy. Te bidder data for Requests for Qualifications (Construction/AE Services) is available at the district's office on Magic Way. The bidder data for solicitations for goods & services (non-construction/non-architectural) is available at the Ronald Blocker Educational Leadership Center; b. Race/ethnicity and gender is not on firms that bid and/or submit proposals. However, some of the information can be gleaned from submitted proposals as firms are asked whether they are a minority or woman owned business enterprise or a local developing firm. Race/ethnicity and gender data may be available for certified MWBE/LDBs who submit proposals, as a copy of their certification is requested; c. The contact information on certified MWBEs who submit bids is available in the Access database maintained by the Office of Business Opportunity; d. Yes, expired and current certification is tracked and maintained.

Question: Page 23, Item 1, Requirement, states that the analysis will be based on five (5) contracting areas. Please clarify how the description of services/contracting, such as procurement/contract codes, description based on services provided is tracked and maintained. Are these contracting areas tracked and maintained for both awards and payments.

Answer: (actually page 24) Yes these are tracked and maintained for both awards and payments.

Page 25, Item C, Deliverables, states “procurement of services from the various departments include... General Business Services,...Furniture, Fixtures and equipment (FF&E)”. In completing more than 175 disparity studies, clients have defined these categories differently. Thus, please clarify what types of services are defined as General Business Services, as well as commodities for FF&E.

Answer: Construction services, ie providing the goods, supplier, as opposed to not installing the goods, contractor. If the goods are installed, then they would be considered construction contracting.

Question: Page 26, Item D.1, Additional Requirements/Information states “In addition, with respect to the federal and LDB programs, comply with any requirements of USDOT concerning receipt of federal funds pursuant to 49 CFR Part 23 and Part 26” Is LDB information tracked for firms, contracts awarded, bid tabulations? Does the contract data indicate federal dollars/funds?

Answer: Yes Orange County tracks all of this information, as does the Airport Authority.

Question: Page 26, Item D.2., Additional Requirements/Information states “accurate dollar figures.. including totals for specific type of contracts (i.e., sole source, unable to meet goal requirement, ect.)” Please clarify if the following is maintained on contract data. - o. Percentage of dollars that were federally funded. Where applicable
- p. Description indicating the funding source, as in item o

Answer: Orange County (yes items a through p are maintained).

Question: Is the contract number maintained in the expenditure data so that the contracts can be linked back to the payments?

Answer: Orange County (Directly, no. The Contract number is associated with the encumbrance (PO or DO). The expenditure (payment) is associated with the PO/DO. We would have to combine the payment information to the originating PO/DO, then from there get the contract number. Airport Authority, yes.

Question: Page 31, Item L, Program Comparison, states “programs at all of the following per counties ... Palm Beach, Jacksonville”. Please clarify if the program review for Jacksonville should be for Duval County, City of Jacksonville, or both?

Answer: Duval County is the City of Jacksonville, it is a metro form of government.

Question: Please provide more information on how your vendor-related data (such as certification directories, vendors in contract and/or procurement systems) is maintained (centralized vs. decentralized), format (hard copy, centralized database, Microsoft Excel, or can be easily imported into a database format).
