FREQUENTLY ASKED QUESTIONS (FAQ)
ABOUT THE
RELATIONSHIP DISCLOSURE FORM
Updated 6-28-11

WHAT IS THE RELATIONSHIP DISCLOSURE FORM?

The Relationship Disclosure Form (form OC CE 2D and form OC CE 2P) is a form created pursuant to the County's Local Code of Ethics, codified at Article XIII of Chapter 2 of the Orange County Code, to ensure that all development-related items and procurement items presented to or filed with the County include information as to the relationship, if any, between the applicant and the County Mayor or any member of the Board of County Commissioners (BCC). The form will be a part of the backup information for the applicant's item.

WHY ARE THERE TWO RELATIONSHIP DISCLOSURE FORMS?

Form OC CE 2D is used only for development-related items, and form OC CE 2P is used only for procurement-related items. The applicant needs to complete and file the form that is applicable to his/her case.

WHO NEEDS TO FILE THE RELATIONSHIP DISCLOSURE FORM?

Form OC CE 2D should be completed and filed by the owner of record, contract purchaser, or authorized agent. Form OC CE 2P should be completed and filed by the bidder, offeror, quoter, or respondent, and, if applicable, their authorized agent. In all cases, the person completing the form must sign the form and warrant that the information provided on the form is true and correct.

WHAT INFORMATION NEEDS TO BE DISCLOSED ON THE RELATIONSHIP DISCLOSURE FORM?

The relationship disclosure form needs to disclose pertinent background information about the applicant and the relationship, if any, between, on the one hand, the applicant and, if applicable, any person involved with the item, and on the other hand, the Mayor or any member of the BCC.

In particular, the applicant needs to disclose whether any of the following relationships exist: (1) the applicant is a business associate of the Mayor or any member of the BCC; (2) any person involved with the approval of the item has a beneficial interest in the outcome of the matter *and* is a business associate of the Mayor or any member of the BCC; (3) the applicant is a relative of the Mayor or any member of the BCC; or (4) the Mayor or any member of the BCC is an employee of the applicant. (See Section 2-454, Orange County Code.)

HOW ARE THE KEY RELEVANT TERMS DEFINED?

Applicant means, for purposes of a development-related project, the owner, and, if applicable, the contract purchaser or owner's authorized agent. Applicant means, for purposes of a procurement item, the bidder, offeror, quoter, respondent, and, if applicable, the authorized agent of the bidder, offeror, quoter, or respondent.

Business associate means any person or entity engaged in or carrying on a business enterprise with a public officer, public employee, or candidate as a partner, joint venture, corporate shareholder where the shares of such corporation are not listed on any national or regional stock exchange, or co-owner of property. In addition, the term

includes any person or entity engaged in or carrying on a business enterprise, or otherwise engaging in common investment, with a public officer, public employee, or candidate as a partner, member, shareholder, owner, co-owner, joint venture partner, or other investor, whether directly or indirectly, whether through a Business Entity or through interlocking Parent Entities, Subsidiary Entities, or other business or investment scheme, structure, or venture of any nature. (See Section 112.312(4), Florida Statutes, and Section 2-452(b), Orange County Code.)

Employee means any person who receives remuneration from an employer for the performance of any work or service while engaged in any employment under any appointment or contract for hire or apprenticeship, express or implied, oral or written, whether lawfully or unlawfully employed, and includes, but is not limited to, aliens and minors. (See Section 440.02(15), Florida Statutes.)

Relative means an individual who is related to a public officer or employee as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, half sister, grandparent, great grandparent, grandchild, great grandchild, step grandparent, step great grandparent, step grandchild, step great grandchild, person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee. (See Section 112.312(21), Florida Statutes.)

DOES THE RELATIONSHIP DISCLOSURE FORM NEED TO BE UPDATED IF INFORMATION CHANGES?

Yes. It remains a continuing obligation of the applicant to update this form whenever any of the information provided on the initial form changes.

WHERE DO THE RELATIONSHIP DISCLOSURE FORM AND ANY SUBSEQUENT UPDATES NEED TO BE FILED?

For a development-related item, the Relationship Disclosure Form and any update need to be filed with the County Department or County Division where the applicant filed the application. For a procurement item, the Relationship Disclosure Form and any update need to be filed with the Procurement Division.

WHEN DO THE RELATIONSHIP DISCLOSURE FORM AND ANY UPDATES NEED TO BE FILED?

In most cases, the initial form needs to be filed when the applicant files the initial development-related project application or initial procurement-related forms. However, with respect to a procurement item, a response to a bid will not be deemed unresponsive if this form is not included in the initial packet submitted to the Procurement Division.

If changes are made after the initial filing, the final, cumulative Relationship Disclosure Form needs to be filed with the appropriate County Department or County Division processing the application not less than seven (7) days prior to the scheduled BCC agenda date so that it may be incorporated into the BCC agenda packet. When the matter is a discussion agenda item or is the subject of a public hearing, and an update has not been made at least 7 days prior to BCC meeting date or is not included in the

BCC agenda packet, the applicant is obligated to verbally present such update to the BCC when the agenda item is heard or the public hearing is held. When the matter is a consent agenda item and an update has not been made at least 7 days prior to the BCC meeting or the update is not included in the BCC agenda packet, the item will be pulled from the consent agenda to be considered at a future meeting.

WHO WILL REVIEW THE INFORMATION DISCLOSED ON THE RELATIONSHIP DISCLOSURE FORM AND ANY UPDATES?

The information disclosed on this form and any updates will be a public record as defined by Chapter 119, Florida Statutes, and may therefore be inspected by any interested person. Also, the information will be made available to the Mayor and the BCC members. This form and any updates will accompany the information for the applicant's project or item.

However, for development-related items, if an applicant discloses the existence of one or more of the relationships described above and the matter would normally receive final consideration by the Concurrency Review Committee or the Development Review Committee, the matter will be directed to the BCC for final consideration and action following committee review.

We hope you find this FAQ useful to your understanding of the Relationship Disclosure Form. Also, please be informed that the County Attorney's Office is not permitted to render legal advice to an applicant or any other outside party. Accordingly, if the applicant or an outside party has any questions after reading this FAQ, he/she is encouraged to contact his/her own legal counsel.

**FREQUENTLY ASKED QUESTIONS (FAQ)
ABOUT THE
SPECIFIC PROJECT EXPENDITURE REPORT**
Updated 3-1-11

WHAT IS A SPECIFIC PROJECT EXPENDITURE REPORT (SPR)?

A Specific Project Expenditure Report (SPR) is a report required under Section 2-354(b) of the Orange County Lobbying Ordinance, codified at Article X of Chapter 2 of the Orange County Code, reflecting all lobbying expenditures incurred by a principal and their authorized agent(s) and the principal's lobbyist(s), contractor(s), subcontractor(s), and Contractor(s), if applicable, for certain projects or issues that will ultimately be decided by the Board of County Commissioners (BCC).

Matters specifically exempt from the SPR requirement are ministerial items, resolutions, agreements in settlement of litigation matters in which the County is a party, ordinances initiated by County staff, and some procurement items, as more fully described in 2.20 of the Administrative Regulations.

Professional fees paid by the principal to his/her lobbyist for the purpose of lobbying need not be disclosed on this form. (See Section 2-354(b), Orange County Code.)

WHO NEEDS TO FILE THE SPR?

The principal or his/her authorized agent needs to complete and sign the SPR and warrant that the information provided on the SPR is true and correct.

A principal that is a governmental entity does not need to file an SPR.

HOW ARE THE KEY RELEVANT TERMS DEFINED?

Expenditure means "a payment, distribution, loan, advance, reimbursement, deposit, or anything of value made by a lobbyist or principal for the purpose of lobbying. This may include public relations expenditures (including but not limited to petitions, flyers, purchase of media time, cost of print and distribution of publications) but does not include contributions or expenditures reported pursuant to Chapter 106, Florida Statutes, or federal election law, campaign-related personal services provided without compensation by individuals volunteering their time, any other contribution or expenditure made by or to a political party, or any other contribution or expenditure made by an organization that is exempt from taxation under 26 U.S.C. s. 527 or s. 501(c)(4)." (See Section 112.3215, Florida Statutes.) Professional fees paid by the principal to his/her lobbyist for the purpose of lobbying are not deemed to be "expenditures." (See Section 2-354, Orange County Code.)

Lobbying means seeking "to encourage the approval, disapproval, adoption, repeal, rescission, passage, defeat or modification of any ordinance, resolution, agreement, development permit, other type of permit, franchise, vendor, Contractor, contractor, recommendation, decision or other foreseeable action of the [BCC]," and "include[s] all communications, regardless of whether initiated by the lobbyist or by the person being lobbied, and regardless of whether oral, written or electronic." (See Section 2-351, Orange County Code.) Furthermore, *lobbying* means communicating "directly with the County Mayor, with any other member of the [BCC], or with any member of a procurement committee." (See Section 2-351, Orange County Code.) *Lobbying* also

means communicating “indirectly with the County Mayor or any other member of the [BCC]” by communicating with any staff member of the Mayor or any member of the BCC, the county administrator, any deputy or assistant county administrator, the county attorney, any county department director, or any county division manager. (See Section 2-351, Orange County Code.) *Lobbying* does not include the act of appearing before a Sunshine Committee, such as the Development Review Committee or the Roadway Agreement Committee other than the BCC.

Principal means “the person, partnership, joint venture, trust, association, corporation, governmental entity or other entity which has contracted for, employed, retained, or otherwise engaged the services of a lobbyist.” *Principal* may also include a person, partnership, joint venture, trust, association, corporation, limited liability corporation, or other entity where it or its employees do not qualify as a lobbyist under the definition set forth in Section 2-351 of the Orange County Code but do perform lobbying activities on behalf of a business in which it has a personal interest.

DOES THE SPR NEED TO BE UPDATED IF INFORMATION CHANGES?

Yes. It remains a continuing obligation of the principal or his/her authorized agent to update the SPR whenever any of the information provided on the initial form changes.

WHERE DO THE SPR AND ANY UPDATES NEED TO BE FILED?

The SPR needs to be filed with the County Department or County Division processing the application or matter. If and when an additional expenditure is incurred subsequent to the initial filing of the SPR, an amended SPR needs to be filed with the County Department or County Division where the original application, including the initial SPR, was filed.

WHEN DO THE SPR AND ANY UPDATES NEED TO BE FILED?

In most cases, the initial SPR needs to be filed with the other application forms. The SPR and any update must be filed with the appropriate County Department or County Division not less than seven (7) days prior to the BCC hearing date so that they may be incorporated into the BCC agenda packet. (See Section 2-354(b), Orange County Code.) When the matter is a discussion agenda item or is the subject of a public hearing, and any additional expenditure occurs less than 7 days prior to BCC meeting date or updated information is not included in the BCC agenda packet, the principal or his/her authorized agent is obligated to verbally present the updated information to the BCC when the agenda item is heard or the public hearing is held. When the matter is a consent agenda item and an update has not been made at least 7 days prior to the BCC meeting or the update is not included in the BCC agenda packet, the item will be pulled from the consent agenda to be considered at a future meeting.

WHO WILL BE MADE AWARE OF THE INFORMATION DISCLOSED ON THE SPR AND ANY UPDATES?

The information disclosed on the SPR and any updates will be a public record as defined by Chapter 119, Florida Statutes, and therefore may be inspected by any interested person. Also, the information will be made available to the Mayor and the BCC members. This information will accompany the other information for the principal’s project or item.

CONCLUSION:

We hope you find this FAQ useful to your understanding of the SPR. Please be informed that in the event of a conflict or inconsistency between this FAQ and the requirements of the applicable ordinance governing specific project expenditure reports, the ordinance controls.

Also, please be informed that the County Attorney's Office is not permitted to render legal advice to a principal, his/her authorized agent, or any other outside party. Accordingly, if after reading this FAQ the principal, his/her authorized agent or an outside party has any questions, he/she is encouraged to contact his/her own legal counsel.

Sec. 21-249. Persons Authorized to Place Transit Facilities within the Public Right-of-Way.

(a) A transit bench provider or transit shelter provider may place and maintain in the public right-of-way a transit facility, subject to entering into an agreement with Orange County, and complying with this Ordinance.

(b) The right to place transit shelters in the public right-of-way shall be limited to the Central Florida Regional Transportation Authority, a body politic and corporate created pursuant to Part II, Chapter 343, Florida Statutes, commonly known as LYNX, and the I-Drive Master Transit and Improvement District, commonly known as the I-Drive Transit District, provided that placement of transit shelters shall be pursuant to an agreement between LYNX and the County, or between the I-Drive Transit District and the County, whatever the case may be, consistent with the requirements of this Ordinance.

Sec. 21-250. Agreements.

(a) A transit bench agreement may address any associated advertising revenue, which shall be negotiated, and payment may be made to the County or LYNX for the privilege of advertising on transit benches within the public right-of-way. Additionally, a transit bench agreement shall address any benefits, including, but not limited to, complimentary advertising or payment of a portion of advertising revenue, which will accrue to not-for-profit organizations, and each agreement shall name such organizations, and describe the method for determining the benefits to the named organizations.

(b) A transit shelter agreement shall address advertising on the transit shelters, and revenue for such advertising may be retained by the transit shelter provider (LYNX or the I-Drive Transit District).

(c) A transit bench agreement and a transit shelter agreement, respectively, shall address the availability to the County of space for public announcements on transit benches and transit shelters without advertising contracts.

(d) A transit bench agreement and a transit shelter agreement shall have a minimum five (5) year term, and may include renewal periods at the option of the County and the provider, not to exceed a total term of fifteen (15) years.

(e) A transit bench provider and a transit shelter provider, in its respective transit bench agreement and transit shelter agreement, shall indemnify and hold the Florida Department of Transportation harmless for any transit facility placed within the public right-of-way in the State Highway System, pursuant to section 337.408, Florida Statutes, and shall indemnify and hold the County harmless for any transit facility placed on a County road within the public right-of-way.

(f) The County may elect to enter into a single contract, multiple contracts, or decline to enter into any agreements with transit bench providers, or transit shelter providers, at the sole discretion of the Board of County Commissioners.

Sec. 21-251. Permitting.

(a) Prior to the installation, maintenance, and operation of a transit bench or transit shelter within the public right-of-way, a transit bench provider shall be required to obtain a right-of-way utilization permit from the County's Public Works Department pursuant to this Ordinance for each transit bench placed in the public right-of-way, and a transit shelter provider shall be required to obtain a right-of-way utilization permit pursuant to this Ordinance for each transit shelter placed in the public right-of-way. The Public Works Department may issue such permit in accordance with the agreement with the transit bench provider or transit shelter provider (LYNX or the I-Drive Transit District), whatever the case may be, subject to the following procedures and requirements:

(1) *Transit bench permit application.* Prior to issuance of a transit bench permit, the transit bench provider shall complete a right-of-way utilization permit application pursuant to section 21-196 of the Orange County Code, which must include the exact physical location and specifications for such transit bench, and such other information as may be required by the County.

(2) *Transit shelter permit application.* Prior to issuance of a transit shelter permit, the transit shelter provider shall complete a right-of-way utilization permit application pursuant to section 21-196, which must include the exact physical location and specifications for such transit shelter. Also, the application shall be accompanied by plans prepared by a Florida Licensed Professional Engineer, which meet the following criteria:

a. Plans shall comply with the current edition of ASCE-7 and shall include documentation with supporting calculations demonstrating compliance with current wind speed, exposure category, and risk factor requirements;

b. Plans shall include documentation with supporting calculations to demonstrate that the transit shelter will maintain a continuous load path;

c. Plans shall include specifications and location of all fasteners and attachments;

d. Plans shall show a shelter pad made of concrete of not less than 3,000 pounds per square inch (psi), placed on well-compacted soil, with either 6x6 welded wire mesh or a fiber mesh additive in the concrete; and

e. Plans shall be accompanied by an affidavit from the engineer of record (the Florida Licensed Professional Engineer) verifying that the plans meet all applicable Florida Department of Transportation (FDOT) and ASCE-7 requirements.

After approving the plans, the Public Works Department shall conduct a pre-pour inspection and any necessary follow-up inspections while the transit shelter is under construction. Upon completion of the transit shelter and all appurtenances, the engineer of record shall submit an affidavit verifying that the transit shelter has been inspected, and is consistent with the approved plans, specifications, and all applicable FDOT and ASCE-7 requirements. All electrical wiring shall comply with the current adopted edition of the National Electrical Code (NEC). If photovoltaic lights are used, they shall be listed by Underwriters Laboratories (UL) or a Nationally Recognized Testing Lab (NRTL).

(3) *Modification or replacement.* A provider shall apply for and receive a new right-of-way utilization permit prior to replacement or modification of a transit bench or transit shelter.

(b) *Separate permit required for each transit bench and each transit shelter.* A separate right-of-way utilization permit shall be required for each transit bench and each transit shelter. Accordingly, the permit shall only be valid for the transit bench or transit shelter for which it was issued. (For example, if two transit

benches are located at a single transit bus stop, each transit bench shall require a separate permit.)

(c) *Permit fee.* The amount of the right-of-way utilization permit fee shall be as approved by the Orange County Board of County Commissioners.

(d) *Insurance.* Before a permit may be issued, the applicant shall file with the County a certificate of commercial general liability insurance, issued by an insurance company authorized to do business in the State of Florida, insuring such applicant against loss in the minimum sum of One Million Dollars (\$1,000,000.00) due to liability imposed by law on account of bodily injury or death of any one person and any one accident. "Orange County Board of County Commissioners" (and the "Florida Department of Transportation" when a transit bench or transit shelter is located on the State Highway System) shall be named as an additional insured (additional insureds) on the policy. The policy shall be maintained in the original amount by the applicant, at its expense, at all times during the period the permit and agreement remains in effect.

(e) *Licensing.* Persons providing or engaged in providing advertising on transit benches shall be required to satisfy all necessary qualifications and be properly licensed in accordance with applicable Florida Statutes. In addition, each transit bench provider and each transit shelter provider shall maintain an Orange County Business Tax Receipt while providing a properly permitted transit bench or transit shelter on the public right-of-way and throughout the term of the agreement.

(f) *Inventory.* On or before September 30th of each year, each transit bench provider and each transit shelter provider shall provide an inventory to the County of all of its respective transit benches and transit shelters within the public right-of-way, including (less than 90 day old) photographs of each such transit bench and transit shelter.

Sec. 21-252. Placement.

(a) With the exception of a Superstop, a transit bus stop may have no more than two (2) transit benches or no more than two (2) transit shelters. However, co-location of a transit bench and a transit shelter may be considered by the County on a case-by-case basis.

(b) A transit bench shall be placed so as to leave at least thirty-six inches (36") of clearance from pedestrians and persons in wheelchairs. A transit bench shall not interfere with or impede passenger loading and unloading areas and shall be placed no closer than five feet (5') and no further than twelve feet (12') from the forward end of any bus stop and shall connect the curb or edge of pavement and the concrete pad via an ADA-compliant path unless such a connection already exists (which shall be determined in the County's sole discretion).

(c) A transit bench shall be placed to provide an adjacent clear space for a wheelchair. The clear space shall be positioned at one end of the bench seat with a dimension of at least thirty inches (30") wide and forty-eight inches (48") deep. Also, the transit bench shall allow for shoulder-to-shoulder seating, without blocking the accessible route or bus boarding area.

(d) When a transit shelter is not located where a transit bench is located at the time of execution of an agreement between a transit bench provider and the County, and a transit shelter is proposed to be placed at a later date where a transit bench is located, the transit bench shall be removed by the owner of the transit bench within thirty (30) days after placement of the transit bus shelter, unless there is an existing advertising contract on the transit bench, in which case the transit bench shall be removed by the owner of the transit bench within one hundred eighty (180) days or by the expiration date or termination date of the existing advertising contract, whichever is earlier. The transit bench provider is encouraged to coordinate with the transit shelter provider (LYNX or the I-Drive Transit District), in re-locating the transit bench to an existing transit bus stop with unmet seating needs and in such case, the County shall waive the right-of-way utilization permit fee.

Sec. 21-253. Transit Bench Design.

A transit bench shall meet the following design standards:

(a) A transit bench shall comply with uniform design standards approved by the County pursuant to this Ordinance. The County may approve alternative designs, where appropriate, to be consistent with the architecture of adjacent public and/or private properties.

(b) A transit bench placed on the public right-of-way shall not exceed seventy-four inches (74") in length, shall be

between twenty to twenty-four inches (20"-24") in depth, shall not exceed forty-four inches (44") in total height, shall have a seat rest no more than seventeen to nineteen inches (17"-19") above the surface of the concrete pad, shall have armrests to assist in making the transition between standing and sitting, and shall meet applicable anchoring standards approved in advance by the County.

(c) A transit bench location shall meet the setback, sight triangle, and minimum clear recovery zone requirements as detailed in Chapter 3.C.7.f Roadside Clear Zone of *The Manual of Uniform and Minimum Standards for Design, Construction, and Maintenance for Streets and Highways*, commonly known as the "Florida Greenbook," as it may be amended from time to time.

(d) Placement of a transit bench, or any portion thereof, on a sidewalk shall be discouraged, except where physical constraints at a particular location may require such placement, provided that such placement is authorized at the sole discretion of the County.

(e) A transit bench placed adjacent to a sidewalk shall be located on, and properly anchored to, a four-inch (4") thick, leveled, concrete pad, flush to the ground, maintaining a six-inch (6") perimeter around the bench, and capable of withstanding current wind load requirements of ASCE-7. (Samples of proper placement of transit benches shall be attached to the County's right-of-way utilization permit application.)

(f) An informational logo or decal shall be placed in plain sight on the back side or other accessible location of a transit bench. The logo or decal shall be not more than four inches by four inches (4" x 4") in size and shall include the name of the transit bench provider, the provider's contact telephone number, and the right-of-way utilization permit number.

(g) A trash receptacle shall be physically attached to each transit bench or physically attached to or embedded in a concrete base, and contain a cover. If two transit benches are located at a transit stop, only one trash receptacle shall be required. An alternative trash receptacle design may be used, subject to prior approval by the County.

(h) A transit bench shall comply with all applicable state and federal laws and rules governing access by persons with disabilities, including the Americans with Disabilities Act.

Sec. 21-254. Transit Shelter Design.

A transit shelter shall meet the following design standards:

(a) A transit shelter design shall be submitted to the County for approval prior to submitting a right-of-way utilization permit application.

(b) A transit shelter location shall meet the setback, sight triangle, and minimum clear recovery zone requirements as detailed in Chapter 3.C.7.f Roadside Clear Zone of the Florida Greenbook, as it may be amended from time to time.

(c) Placement of a transit shelter on a sidewalk, or any portion thereof, shall be discouraged, except where physical constraints at a particular location may require such placement, provided that such placement is authorized at the sole discretion of the County.

(d) A transit shelter shall provide protection from the elements for the average peak load of persons waiting at the transit bus stop, and shall be adequately ventilated.

(e) A transit shelter shall provide seating within the enclosed portion of the structure. Such seating shall be designed and maintained to discourage persons from lying down on the seating.

(f) A transit shelter shall be lit and illuminated from dusk to dawn.

(g) An informational logo or decal shall be placed in plain sight on the back side or other accessible location of a transit shelter. The logo or decal shall be not more than four inches by four inches (4" x 4") in size and shall include the name of the transit shelter provider, the provider's contact telephone number, and the right-of-way utilization permit number.

(h) A transit shelter shall include, at a minimum, one trash receptacle; the design and specifications of which shall be subject to prior approval by the County.

(i) A transit shelter shall comply with all requirements of the Florida Building Code and NEC, as they may be amended from time to time.

(j) A transit shelter shall comply with all applicable state and federal laws and rules governing access by persons with disabilities, including the Americans with Disabilities Act.

Sec. 21-255. Advertising.

Advertising may be allowed on a transit bench or transit shelter, subject to the following standards:

(a) Advertising on a transit bench shall be displayed only on the front or rear surface of the backrest. There shall not be any additional advertising connected to or associated with the transit bench. Advertising panels on a transit bench shall be single-sided and limited to twelve square feet (12 ft²) in area on one side of the backrest, and be contained within the structure of the transit bench.

(b) Advertising on a transit shelter may include advertising consisting of one sign panel with a maximum of two sign faces equal in size.

(c) An advertising sign shall comply with all relevant parts of the Orange County Code, as it may be amended from time to time.

(d) No liquor, beer, tobacco product, or sexually explicit advertising shall appear on any advertising panels.

(e) A transit bench provider who has a valid agreement shall allow the County to utilize advertising panels for community information and bus routes, at no cost to the County, in accordance with the following ratios:

1. 0-9 benches: one (1) advertising panel;
2. 10-15 benches: two (2) advertising panels;
3. 16-25 benches: three (3) advertising panels;
4. 26-35 benches: four (4) advertising panels;
5. 36-49 benches: five (5) advertising panels;
6. 50⁺ benches: ten percent (10%) of advertising panels.

Sec. 21-256. Maintenance of Transit Benches and Transit Shelters.

(a) A transit bench provider and a transit shelter provider shall be responsible for the maintenance of the grounds within and

surrounding a transit bench and a transit shelter, respectively, including the following: weed removal, trash removal, cleaning, insect and weed control, graffiti removal, and other customary maintenance activities.

(b) If the County observes that the grounds within or surrounding a transit bench or transit shelter are not being properly maintained, the County, following at least three (3) business days notice to the permit holder, shall have the right to maintain the grounds and assess the costs against the transit bench provider or transit shelter provider, whichever is applicable.

Sec. 21-257. Removal of Transit Benches and Transit Shelters.

(a) Except as set forth in subsection (b), if the County finds any transit bench or transit shelter in violation of this Ordinance, the County shall provide written notice of the violation to the transit bench provider or transit shelter provider, whichever is applicable, who shall correct the violation or remove the transit bench or transit shelter within thirty (30) days after the date of the notice.

(b) If the County finds any transit bench or transit shelter to be endangering life or property, the County shall provide written or verbal notice to the transit bench provider or transit shelter provider, whichever is applicable, who shall, within 24 hours, make the transit bench or transit shelter safe or remove the transit bench or transit shelter.

(c) If a violation of subsection (a) or (b) is not corrected in accordance with the County's notice, the County reserves the right to cause the transit bench or transit shelter to be removed, and assess the cost of removal against the transit bench provider or transit shelter provider, whichever is applicable.

(d) Whenever necessary for the construction, repair, improvement, maintenance, safe and efficient operation, alteration, or relocation of all or any portion of the public right-of-way, as determined by the County, a transit bench or transit shelter shall be removed from the public right-of-way in a timely manner, or shall be reset or relocated thereon as required by the County, by or at the expense of the transit bench provider or transit shelter provider, whichever is applicable.

(e) In the event the relocation of a transit bench or transit shelter is scheduled to be conducted simultaneously with a construction project, the transit bench provider or transit shelter provider shall coordinate with the County before proceeding, and shall cooperate with the County to arrange the sequence of work so as not to delay the project.

Section 21-258. Effect of The 1999 Bench Agreement.

(a) The County's contract with Altrusa International of Orlando-Winter Park, Inc., Orlando Jaycees, Inc., Southwest Orlando Jaycees, Inc., Boys & Girls Clubs of Central Florida, Inc., Big Brothers/Big Sisters of Central Florida, Inc., Mothers Against Drunk Driving, Central Florida Chapter, and Apopka Woman's Club for the installation of benches and advertising on transit benches, which was entered into on July 27, 1999 (the "1999 Bench Agreement"), is ratified and affirmed by the County until the expiration of the term of the contract on July 26, 2014, provided that such transit benches may not interfere with preservation and maintenance of the public right-of-way and shall meet the safety guidelines as defined by the County and the Florida Department of Transportation.

(b) The owner of a transit bench placed in the public right-of-way pursuant to the 1999 Bench Agreement shall bring the transit bench into substantial compliance with the Florida Greenbook requirements referenced in section 21-253(c) not later than April 25, 2014, and shall bring the transit bench into full compliance with this Ordinance not later than March 25, 2015. The County reserves the right to remove any noncompliant transit benches after April 25, 2014, or March 25, 2015, whichever date is applicable, assess the costs for removal against the owner of the transit bench, and hold the noncompliant transit bench for a period of fourteen (14) days, after which time, if the transit bench remains unclaimed, the County may dispose of it.

(c) The transit bench provider providing transit benches pursuant to the 1999 Bench Agreement is Metropolitan Systems, Inc., also known as "Metro Bench." Subsection (b) notwithstanding, if, under the terms of this Ordinance, the County enters into an Agreement with a transit bench provider other than Metro Bench, and does not enter into an agreement with Metro Bench, Metro Bench shall remove all of its transit benches from the public right-of-way no later than six (6) months from receipt of a notice from the County to remove such transit benches. If, under the terms of this Ordinance, the County enters into an agreement

with a transit bench provider in addition to Metro Bench, Metro Bench shall remove its transit benches from that portion of the public right-of-way covered by the agreement with the new transit bench provider within sixty (60) days from receipt of notice from the County to remove such transit benches.

Section 21-259. Termination of Agreements.

(a) Any agreement entered into pursuant to this Ordinance shall allow the County to terminate such agreement due to the transit bench provider's or transit shelter provider's failure to comply with this Ordinance, provided that an agreement shall provide for notice and a reasonable opportunity to cure a violation of this Ordinance prior to termination.

(b) Subsection (a) shall not be construed to limit other reasons for termination of an agreement by either party.
