B. QUESTIONS & ANSWERS:

- 1. Question:** In both IFB's I don't see an effective date. Can you provide those dates? It's on page 67 of the entire document.

Answer: This document is a draft contract. The bid offer submitted is irrevocable for a period of ninety (90) days. It is the County's intent to enter into a contract by November 1, 2019.

- 2. Question:** Can you please provide how much polymer on average you use for the full scale trial. By our calculations, we estimate that we will need a 55 gallon drum; however, I would like to confirm with you if that is what has been used historically.

Answer: Per Attachment A – Testing Criteria, the bidder shall determine, without County intervention or consultation, which polymer will be recommended for the full scale field testing in the centrifuge test. The bidder shall provide the recommended dose rate per ton of dry solids as quantified and supported by the bench test phase of the bid process.
