B. BIDDERS QUESTIONS

Question 1: Regarding the segments of this project that include force mains, I see on the documents I've found that the city is looking at open cut. Would pre-chlorinated pipe bursting be considered as an alternative method, and, if so, would our firm be able to potentially bid as an alternate using pipe bursting?

Response: *Bidders shall bid on the documents, methods and materials as designed. Pipe bursting will not be considered as a bid alternative at this time. After award, the County may consider alternative recommendations and value engineering.*
