1. **Question:** LI100 note 13 references an electrical service to the irrigation controller. There are no electrical drawings for this project. It is unclear where service is to be provided from, or what is required. We need information for this electrical service if to be included in price.

**Answer:** See Note 21 on Sheet C300. Contractor shall employ a registered electrical subcontractor and be responsible for extension of power to the controller. This means the electrical contractor shall coordinate with Duke Energy – contact is Diana Ibarra. Her phone is 407-905-3323 and email is Diana.ibarra@duke-energy.com to provide meter and service, etc. necessary to bring power to the irrigation controller. There are street light poles and electrical boxes and underground power lines along New Independence Parkway.

2. **Clarification:** Project has been submitted for permitting. Contractor shall contact Orange County Building Department for permit fees as well as Orange County Utilities for separate utilities permit fees. Permit number is as follows:
