BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA

ADDENDUM #1

IFB #Y17-1007-MV

INSPECTION, MAINTENANCE AND REPAIR OF FUEL SYSTEMS
TERM CONTRACT

The above Invitation for Bids is changed as follows:

1. Bid Form Pages 31-45 are replaced with pages 31A-46A as attached. Bid Response Form has been split into 2 lots.

IMPORTANT: Failure to submit your bid with the “Revised Bid Response Form” per this Addendum shall be cause for your bid to be rejected as non-responsive.

2. Attachment B: Tank Inspection Forms is attached.
3. Attachment A: Tank Locations and Contracts is replaced with Attachment A.1: Tank Locations and Contracts Lots A & Lot B as attached.
4. The Special Terms and Conditions are changed as follows; additions are indicated by underline, deletions are indicated by strikethrough.

5. ~~MULTIPLE AWARD~~

~~The County reserves the right to make multiple awards based on the results of this bid. The County shall award a primary contract to the lowest responsive, responsible Bidder. Contractor agrees to provide job estimates based on bid rates within twenty-four (24) hours of request. The County shall give the primary Contractor first opportunity to perform all available work. If the County, at its sole discretion, determines the primary Contractor cannot respond in time, an alternate Contractor may be contacted to perform the required work.~~

5. AWARD

Award shall be made on an “All-or-None Total Bid per Lot”, basis to the lowest responsive and responsible Bidder. If the Bidder fails to respond, they will be considered non-responsive.

5. The Special Terms and Conditions are changed as follows; additions are indicated by underline, deletions are indicated by strikethrough.

17. PRICE ESCALATION/DE-ESCALATION (CPI)

The County may allow a price escalation provision within this award.

The original contract prices shall be firm for the entirety of the initial (3 1 (one) year) contract period. A price escalation/de-escalation will be considered at the time of contract renewal and at 1-year intervals thereafter, provided the Contractor notifies the County, in writing, of the pending price escalation/de-escalation a minimum of sixty (60) days prior to the contract renewal date. Price adjustments shall be based on the latest version of the Consumers Price Index (CPI-U) for All Urban Consumers, All Items, U.S. City Average, non-seasonal, as published by the U.S. Department of Labor, Bureau of Labor Statistics. This information is available at www.bls.gov.

(Remaining paragraphs to remain the same)

The following are questions, with respective answers, for the above Invitation for Bids:

1. **QUESTION** – Will fuel testing be required while conducting the inspections?

ANSWER – No, unless otherwise specified based off the inspection’s results.

2. **QUESTION** – Approximately what percentages are generator and what are fuel tanks?

ANSWER – Approximately 80% are generators and 20% are fuel.

All other specifications, terms and conditions remain the same.

ACKNOWLEDGEMENT OF ADDENDA

a. The bidder shall acknowledge receipt of this addendum by completing the applicable section in the solicitation or by completion of the acknowledgement information on the addendum. Either form of acknowledgement must be completed and returned no later than the date and time for receipt of the bid.

b. Receipt acknowledged by:

***REVISED*BID RESPONSE FORM
IFB #Y17-1007-MV**

The Contractor shall provide all labor and other resources necessary to provide the services in strict accordance with the scope of work/services defined in this solicitation (i.e. monthly and quarterly inspections with proper documentation, service, maintenance, proper disposal, etc.), for the amounts specified in this Bid Response Form, inclusive of overhead, profit and any other costs. Unit pricing shall be inclusive of an annual inspection of each site. Information concerning the location addresses, tank size, fuel type, and number of tanks on site may be found on **Attachment A.1**.

Please note that the Sites below and indicated on Attachment A may have multiple tanks and the unit cost per site should be reflective of the number of tanks to be maintained at each facility.
