This Addendum is hereby incorporated into the bid documents of the project referenced above. A. **THE BID OPENING DATE IS CHANGED FROM ~~March 28, 2017~~ to March 30, 2017**

B. **The following are responses to bidder's inquiries.**

1. "Prime Contractors shall be either "registered" or "certified" and licensed by other federal, state, regional, county or municipal agencies having jurisdiction over the specified construction work." Are there specific licenses, registrations, or certifications that the Contractor will need to obtain at the local, county, or municipal level to be qualified to bid this project? If so, can you please identify those requirements?

Response: The "registered" or "certified" items are something the bidders will need to discuss with the federal, state, regional, county or municipal agencies having jurisdiction over the specified construction work. If it is a registration or certification they do not have, yes they will need to obtain it, at no cost to the County. The bidder must ensure that if any work is required to go through another municipality that they are licensed to perform the work in that municipality.

C. **All other terms, conditions and specifications remain the same.**

The Bidder shall acknowledge receipt of this addendum by completing the applicable section in the solicitation or by completion of the acknowledgement information on the addendum. Either form of acknowledgement must be completed and returned not later than the date and time for receipt of the bid.
