QUESTIONS AND ANSWERS

1. QUESTION – In the past we submitted two separate proposals for Non-Medical Case Management and Psychosocial Support Services. In this year's application it says "both Medical Case Management and Referral for Healthcare and Support Services" to be considered for an award. Do you want us to submit two separate proposals for each the Medical Case Management and one for the Referral for Healthcare and Support Services?

ANSWER – Proposers should submit one (1) response for Part 1 – Administrative Capacity and Qualifications, and two (2) responses for (2) Part 2 – Specific Category of Service Proposal. Of the two (2) Part 2 responses, one response should address the medical case management category of service, and once response should address the referral for healthcare and support services category of service.

Proposers must demonstrate qualification in **both** medical case management **and** referral for healthcare and support services to be considered for an award. Omission of one of these services will result in the proposal being deemed non-responsive.

All other specifications, terms and conditions remain the same.
