**BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA
IFB #Y19-1016-MV, TRAFFIC CONTROL DEVICES RENTAL
TERM CONTRACT**

ADDENDUM NO. 3

The referenced Invitation for Bids is changed as follows:

CLARIFICATIONS:

1. The acceptance date has been changed as follows: Sealed bid offers will be accepted up to **2:00 PM** (local time), **Thursday, July 18, 2019**.
2. Bid Response Form pages 46 – 49 is replaced with Revised Bid Response Form – A pages 46A – 50A.

QUESTIONS AND ANSWERS:

The following are questions, with respective answers, for the above Invitation for Bids:

Question 1 – Line item number 13's unit of measure is "per day" for Temporary Barrier Concrete. The standard approved concrete barrier wall is 12.5' in length. The listed quantity of 7,550 per day does not adequately provide the necessary information. When the County generated the quantity was the thought to have 7,550' of concrete barrier wall at once or one piece of 12.5' in place for 604 days?

Answer – Barriers shall be a minimum of 12'. Each barrier is paid per day. *Example: If 10 barriers are requested and used for 3 days it would be 10 barriers times 3 days for a quantity of 30.*

Question 2 – Line item number 14's unit of measure is "per day" for Temporary Barrier Water Filled (county to provide water) The standard approved barrier wall is 6' in length. The listed quantity of 7,550 per day does not adequately provide the necessary information. When the County generated the quantity was the thought to have 7,550' of water barrier wall at once or one piece of 6' in place for over 3 years?

Answer – Barriers shall be a minimum of 6'. Each barrier is paid per day. *Example: If 10 barriers are requested and used for 3 days it would be 10 barriers times 3 days for a quantity of 30.*

Question 3 - Line item number 15's unit of measure "per day" is inaccurate as well. The standard unit of measure is per location for a set amount of time. Also, the nature of this item is designed to protect the blunt end of the barrier wall. There are no listed method for having this potentially damaged device, repaired and subsequently paid for the repair.

Answer – Crash Cushions are rented each per day. The Contractor assumes full responsibility for repairs and replacement of all defective, non-functioning, damaged, lost or stolen items.

Question 4 - Line item 19's unit of measure "each" does not adequately provide for a daily payment. Does the "each" unit of measure mean the price submitted will be full

payment for the Variable Message Sign for regardless of the length of time the unit remains in use.

Answer – Each unit is rented per day. See Revised Bid Response Form – A in this Addendum.

Question 5 - Line item 20's unit of measure "lineal feet" does not adequately provide necessary information. The lane separator's quantity of 1,050' listing could possibly mean that the lane separator will be installed on day one of the contract and remain in place for its life. The reference to the "APL" implies that the County expects a product that has been approved by the Department of Transportation. This implication, again, does not adequately explain its length or how the unit is intended to be used or for what duration.

Answer – The total number of length separators will vary per project request. The typical length of each piece of lane separator is about three (3) feet. This item has been revised to a “each per day” item. The quantity is estimated per contract year. The Bid Response Form has been revised. See Revised Bid Response Form - A attached in this Addendum.

Question 6 – Line item 21's unit of measure is "each" for Temporary Barrier Low Profile, Concrete. The standard approved concrete barrier wall is 12' in length. The listed quantity of 5,050' per each does not adequately provide the necessary information. Is the County looking for one piece 12' in length for the life of the contract or 421 pieces for one day?

Answer – The total number of 12' length pieces will vary per project request. This item has been revised to a “each per day” item. The quantity is estimated per contract year. The Bid Response Form has been revised. See Revised Bid Response Form - A attached in this Addendum.

All other specifications, terms and conditions remain the same.

ACKNOWLEDGEMENT OF ADDENDA

The bidder shall acknowledge receipt of this addendum by completing the applicable section in the solicitation or by completion of the acknowledgement information on the addendum. Either form of acknowledgement must be completed and returned no later than the date and time for receipt of the bid.

Receipt acknowledged by:

Authorized Signer/Title

Date Signed

REVISED BID RESPONSE FORM - A
IFB #Y19-1016-MV

The Contractor shall provide all labor and other resources necessary to provide the goods and/or equipment in strict accordance with the specifications defined in this solicitation for the amounts specified in this Bid Response Form, inclusive of overhead, profit and any other costs.

RENTAL OF TRAFFIC CONTROL DEVICES

The Contractor is to rent to the County each of the items listed herein in accordance with the Specifications and made part of this Invitation for Bid, for the total all-inclusive rental rate including but not limited to charges for: delivery, placement, mobilization, deployment, demobilization, incidentals, maintenance, and service, dismantling, design and pick up as specified herein.

All renting is on a per item basis. The rental days as specified herein are estimated by the County and are in no way to be construed as actual or intended usage.

The cost to develop Traffic Control Plans is not to be included in the Daily Rental Rates. A separate line item referenced herein applies to Traffic Control Plan Development costs.

Unit Price is for normal daily operations as well as after hour emergency and non-emergency rental rates.

Minimum Quantity – During the initial performance period of this contract, the County guarantees that all vendors shall receive orders for a minimum of \$3,000.00 for any issued contract.

Company Name

Indicate if items are to be delivered:
via common carrier* ____ or Owned/Hired Vehicle ____

*If delivery will occur via common carrier, insurance requirements are not applicable. If delivery will occur via owned or hired vehicles, insurance requirements are applicable.

IMPORTANT NOTE: When completing your bid, do not attach any forms which may contain terms and conditions that conflict with those listed in the County's bid documents(s). Inclusion of additional terms and conditions such as those which may be on your company's standard forms shall result in your bid being declared non-responsive as these changes will be considered a counteroffer to the County's bid.

Delivery shall be per Scope of Services, IV. Response Time.

Inquiries regarding this Invitation for Bids may be directed to Melisa Vergara, Senior Purchasing Agent, at Melisa.Vergara@ocfl.net
