**BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA
ADDENDUM NO. 2 / RFP Y19-818-TA
Eastern WRF Phase 6A Plant Reclaimed Water System Expansion Project**

RFP OPENING DATE: May 21, 2019

This Addendum is hereby incorporated into the bid documents of the project referenced above. The following items are clarifications, corrections, additions, deletions and/or revisions to and shall take precedence over the original documents.

A. QUESTIONS AND ANSWERS:

1. **Q:** Would the County consider modifying the Similar Project Type A to include a tank consisting of a minimum of 2.0 million gallons rather than 3.0 million gallons?

A. Yes, refer to Part B of this addendum.

2. **Q.** On page 14 of the RFQ, Item 24 – Similar Projects, it requires that, "...capacity for a city, county, state or federal agency or municipality." Can one of the projects that we submit be for a private utility? This was allowed on the previous similar RFP for the Avalon Road Reclaimed Water Storage and Pumping Facility.

A. Yes, refer to Part B of this addendum.

3. **Q.** On the same page the Type A project requires that the project have a minimum capacity of 3.0 MG of nominal capacity. We have a project that we would like to submit that included 2 tanks of 2.75 MG nominal capacity each (total capacity of 5.5 MG nominal capacity). Is that acceptable?

A. Yes, refer to Question #1 and Answer # 1 above.

4. **Q.** The Due date on the Form A is calling for May 9th. We're pretty sure that the 21st is the intended date.

A. Opening date is May 21, 2019.

5. **Q.** Secondly, the PM form D does not ask for Completion Dates on the phases of service, but the PE form E does. We're assuming you want those dates for form D as well?

A. Yes, Forms D1-D3 are revised and attached with this addendum.
