

**December 3, 2019**

**BOARD OF COUNTY COMMISSIONERS  
ORANGE COUNTY, FLORIDA  
IFB NO. Y20-726-TA/ ADDENDUM NO. 2**

**GRAVITY GROUP PACKAGE 3**

**BID OPENING DATE: December 12, 2019**

This Addendum is hereby incorporated into the bid documents of the project referenced above. The following items are clarifications, corrections, additions, deletions and/or revisions to and shall take precedence over the original documents. Additions are indicated by underlining, deletions are indicated by ~~strikethrough~~.

**A. QUESTIONS AND ANSWERS**

- 1. Q:** The bid bond form is incorrect in the bid package. It shows the same bid bond for Orange County Gravity Rehabilitation Package 4 instead of Package 3. Could this please be corrected and or changed via addendum? Thank you.

**A.** The bid bond shall make reference to Orange County Group Package 3. Any reference to Orange County Gravity Rehabilitation Package 4 shall be deleted and replaced with Orange County Group Package 3. Refer to revised Bid Bond Form attached and labelled this addendum.
- 2. Q:** Will the Owner provide a location for disposal of debris resulting from the pipe cleaning operations?

**A.** Section 02671 states that materials from cleaning “shall become the property of the Contractor,” and “Disposal manifests from the licensed disposal facility shall be submitted with invoices.”
- 3. Q:** Will the Owner provide water for cleaning operations? If so, are there any additional costs associated (meter, BFP, fees, etc.)?

**A.** Section 02671 states “No fire hydrant shall be obstructed in case of a fire in the area served by the hydrant. All requirements shall be met when accessing a fire hydrant including but not limited to meters, backflow preventers, and properly trained personnel.” So, Contractor can use Orange County fire hydrants as long as they meet Orange County requirements. They will also have to get a meter and will be charged for their water usage based on current Orange County water rates.
- 4. Q:** Will the Owner provide a comprehensive list for search of acceptable WBE/MBE Businesses in Orange County?

**A:** There is an online directory available on the County’s website at <http://apps.ocfl.net/orangebids/minorityvendorlisting/default.asp>

5. **Q:** Will the Owner/Engineer please provide the budget for this project?
- A:** The estimated overall cost is \$3,070,000.
6. **Q:** Will the Owner/Engineer please provide any previous itemized bid tabulations for projects of similar scope?
- A:** This is a job specific contract. Bid Tabulations cannot be provided.
7. **Q:** Will the Owner/Engineer please provide a copy of the current plan holders list?
- A:** Please see attached and labelled this addendum.
8. **Q:** Will the Owner/Engineer please provide the anticipated NTP date for this project?
- A:** The anticipated NTP cannot be provided at this time. The NTP will be based on time it takes to analyze bids, develop a recommendation of award, obtain approvals, execute a contract, and set a pre-construction conference.
9. **Q:** Will the Owner/Engineer please confirm if there are any prevailing wage requirements for this job?
- A:** There are no prevailing wage requirements for this project.
10. **Q:** Given the specialized nature of Cured-in-Place rehabilitation work, would the Owner accept the 25% DBE participation goal on the non-specialized total? Example: If the contract is for \$2M and the CIPP work is \$1M, then 25% of the non-specialized work would equal \$250,000 rather than \$500,000.
- A:** No. There will be no changes.
11. **Q:** Many of the scopes needed for this work do not have DBE firms who perform said work. Would the Owner please advise?
- A:** Bidders should use the Orange County MWBE directory to access the MWBE firms that provide the scopes of services that are applicable to the Invitation to Bid.
12. **Q:** Would the Owner please define how they would like the contractor to capture and remediate water from styrene cured resins:
- A:** Refer to the requirements listed in Section 02771. The Contractor shall provide for a method that can meet the specified requirements. Any method that adheres to the County's specifications shall be sufficient.

**E. ACKNOWLEDGEMENT OF ADDENDA**

- A. The Bidder shall acknowledge receipt of this addendum by completing the applicable section in the solicitation or by completion of the acknowledgement information on the addendum. Either form of acknowledgement must be completed and returned not later than the date and time for receipt of proposal.
- B. All other terms, conditions and specifications remain the same.
  
- C. Receipt acknowledged by:
