7. Proposers must not discriminate against any employee or applicant for employment because of race, religion, color, sex, age or national origin.
8. **MINORITY/WOMEN OWNED BUSINESS ENTERPRISE:**
 - A. Proposers must address how they intend to comply with the Orange County M/WBE Ordinance, No. 94-02 and amended by Ordinance No. 2009-21. The goal of certified minority/women business enterprise is 27% of the contract value for this project. The Ordinance also addresses minority/women group employment levels setting goals to encourage each Proposer to maintain 24% minority and women employee workforce levels in specific categories.
 - B. All participating M/WBE firms must be **currently certified by Orange County**. The Business Development Division's most recent M/WBE directory is available by e-mail or through the Orange County web site at OrangeCountyfl.net. **Only firms having established offices in the Orlando MSA (Orange, Lake, Seminole and Osceola Counties) are eligible for Orange County certification. All firms must be Orange County certified at time of submittal of the Proposal and must be certified in the area(s) for which they will be used.** If a firm claims to be certified, but is not listed in the Directory the Proposer should obtain a copy of their Orange County Certificate and/or contact the Business Development Division at (407) 836-7317 for verification of certification.
 - C. The County has program whereby M/WBE firms designated as graduates can participate in the M/WBE program only on specified projects. All professional service solicitations for which the County has estimated the overall contractual fees to be awarded to the prime in excess of \$500,000 are eligible for graduate M/WBE participation. The prime consultant will receive full M/WBE credit for the use of graduate MWBE's that meet all other requirements. The contract solicited through this RFP is estimated to be valued over \$500,000 and therefore, graduate M/WBE's are eligible to participate.

It is the proposing firm's responsibility to ensure that graduate M/WBE's are not listed in proposals to meet M/WBE participation requirements on projects in which they are not eligible to participate.

- D. The County has established a **credit program** whereby Proposers are awarded credits to be applied toward meeting the M/WBE goals on certain County projects. Emphasis will be placed on credits for non-County utilization and first-time M/WBE utilization. Proposers are encouraged to contact the Business Development Division for information on acquiring and applying the credits.
- E. Proposers must submit signed Letter of Intent (Form M-1) with their Proposal for all current Orange County certified M/WBE subconsultants identified on Form B. These Letters of Intent must indicate the scope of work to be performed by every M/WBE plus the percentage of the overall contract fees to be contracted to the listed sub-consultant. Letters of Intent must be signed by both the Proposer and the M/WBE subconsultant.

The Consultant **must** include in the subcontract agreement:

- i. Prompt Payment Clause to the M/WBE sub consultant to state: "payment will be made to the sub-consultant/suppliers within 72 hours of receipt of payment from the County."
- ii. The following statement: "It is the M/WBE's responsibility to submit the required payment verification reports to the prime consultant quarterly and the Final M/WBE payment verification form directly to Business Development Division."
- iii. Termination clause to state: "The awarded prime consultant shall not substitute, replace or terminate any M/WBE firm without prior written authorization from the Business Development Manager, nor shall the prime reduce the scope of work or monetary value of the overall contract value or a sub-consultant without written authorization of the Business Development Division Manager."

The M/WBE's failure to submit the required documents could negatively impact their M/WBE certification.

- F. The awarded prime consultant's responsibilities and requirements are itemized below:
 - i. File copies of all executed subconsultant agreement/contracts between the prime and all M/WBE subconsultants on the project to Orange County Business Development Division one time for the duration of the contract.
 - iii. The awarded prime consultant shall furnish written documentation evidencing actual dollars paid to each subconsultant utilized by the prime consultant on the project.

This includes, but is not limited to: copies of cancelled checks, approved invoices, and signed affidavits certifying the accuracy of payments so that the County may determine actual participation achieved by the prime consultant prior to the issuance of final payment.

- iii. The Prime Consultant shall submit an updated quarterly MWBE utilization report, Equal Opportunity Workforce Schedule and M/WBE payment verification forms for all professional service contracts. It is the responsibility of the Prime Consultant to submit the payment verification forms with the referenced reports. The required reports are to be submitted to the Business Development Division no later than the fifth day after end of reporting period. Payment applications, task authorizations and contract renewals may be delayed if these reports are not submitted every quarter in a timely manner until completion of project indicating final report. Failure of the M/WBE to comply with the submittal of the payment verification forms to the Prime consultant could negatively affect their re-certification.
- iv. The awarded prime consultant shall not substitute, replace or terminate any M/WBE firm without prior written authorization from the Business Development Manager, nor shall the prime reduce the scope of work or monetary value of a subconsultant without written authorization of the Business Development Division.
- v. The prime consultant shall expeditiously advise all M/WBE's and the Business Development Division of all change orders, contract modifications, additions and deletions to any and all contracts issued to the M/WBE firm on their team.

Execution of the contract between Orange County and the Proposer shall be contingent upon the filing of executed contracts between the Proposer and the M/WBE subs listed on Form B and included on Form M-1 with the Business Development Division.

9. The Proposer understands that this RFP does not constitute an agreement or contract with the Proposer.
10. Any Proposer who submits in its Proposal to the County any information that is determined by the County, in its sole opinion, to be substantially inaccurate, misleading, exaggerated, or incorrect may be disqualified from consideration.
11. **SHORTLISTS, PROTESTS AND LOBBYING:** The recommended short list of firms, rank by score, highest to lowest, will be posted for review by interested parties at the Procurement Division and at <http://apps.ocfl.net/OrangeBids/AwardsRec/default.asp> prior to submission through the appropriate approval process and will remain for a period of five full business days. The pump station can be used for reclaimed water or potable water.

Project Type B: A project including the construction of diesel-engine driven generators, each with a minimum design capacity of 2,000 KW including 1,200 Amp, 15 KV paralleling switchgear with closed transition transfer between generators and the power utility.

Project Type C: A project including the construction of a new, fully enclosed industrial use building with an HVAC system and having a minimum square footage of 5,000 square feet.

To obtain points for a “similar project”, the following project elements must be illustrated:

1. Preliminary Engineering
2. Final Design Services
3. Permitting Services
4. Construction Administration

The following criteria shall apply:

a. For the Project Manager: Element 2 is a mandatory element for the Project Manager. The project will receive consideration for one (1) point if all four (4) elements were successfully completed. The project will receive consideration for a half (1/2) point if three (3) elements were successfully completed. The project will receive zero (0) points if element no. 2, Final Design Services, is not included. The project will receive zero (0) points if three (3) elements were not successfully completed.

b. For the Project Engineer: Element 2 is a mandatory element for the Project Engineer. The project will receive consideration for one (1) point if three (3) elements were successfully completed. The project will receive consideration for a half (1/2) point if two (2) elements were successfully completed. The project will receive zero (0) points if element No. 2, Final Design Services, is not included. The project will receive zero points if two elements were not successfully completed.

Only the 1st submitted similar project type will be evaluated for the Program Manager and Project Engineer. Any duplicate project type will receive a score of zero.

Definitions:

1. **Substantial completion**: is defined as the owner having beneficial use of the project or individual phase if the project was constructed in phases. If the project was phased, not all phases need to be substantially complete. Only the individual relevant project milestone must have been substantially completed.
2. **Successful completion**: An experience element is considered successfully completed when the owner takes beneficial use or acceptance of finalized documents.
3. **Project Manager**: Individual who managed the project team and administrative elements of the project, was the primary point of contact for the client, directed the production of the planning/design/construction work products, while performing those services from initial design to substantial completion of the project and is verified by the reference contact of the project provided by the Proposer. **The Project Manager shall have been a Professional Engineer registered with the State of Florida Department of Business and Professional Regulation prior to the due date of proposals submitted for this RFP.**
4. **Project Engineer**: Individual who assisted the Project Manager as the lead technical supervisor of the project planning/design/construction activities as described in the similar project criteria. The position served as the point of contact for the client in the Project Manager's absence. The Project Engineer shall have been a Professional Engineer registered with the State of Florida Department of Business and Professional Regulation

The Proposer shall ensure that the basic description of the similar project, including all required performance requirements and/or dimensions are *identified* and that the elements are adequately explained in the text. The description shall document how the particular element was performed in conjunction with the overall project. The mere listing of elements without specific details in the body of the description will negatively impact the scoring for the project. Failure to identify the specific performance requirements and/or dimensions of the project to ensure it meets the similar project description shall negatively impact that project's score.

Note: Determination of a project as similar shall be at the sole discretion of the County

27. **EXPERIENCE OF THE PROJECT TEAM**

It is the responsibility of the Proposer to verify sub consultants and/or other team member's satisfactory performance on previous Orange County projects

28. **VOLUME OF WORK**

The county shall evaluate information in its "Volume of Work" database to determine the Proposers' scores for the Volume of Work criteria. This information is available on-line at:

<http://www.orangecountyfl.net/VendorServices/VolumeofWorkReport.aspx>

This database includes only the award amounts specifically attributable to the consultant, either as a prime or as a sub-consultant or as a member of a joint venture under previously awarded contracts, contract amendments, purchase orders, task authorizations, and change orders to those purchase orders and task authorizations. In the case of mergers between two or more firms or a parent subsidiary relationship the combined fee for all companies involved will be considered. Fees will be counted towards the Volume of Work at the time of award (not invoices paid). Total fees under negotiation are based on the budget amount for professional services. The end date for volume of work calculation is the date set for receipt of proposals.

Volume of Work is calculated using the following formula:

CONTRACT PERIOD	TOTAL FEE AWARDED TO PRIME CONSULTANT		FACTOR		ADJUSTED FEE AMOUNT
(1) From October 1, 2018 to April 1, 2020	\$	X	1.0	=	\$
(2) First Year Past: 10/01/17- 9/30/18	\$	X	0.75	=	\$
(3) Second Year Past: 10/01/16- 09/30/17	\$	X	0.50	=	\$
(4) Third Year Past: 10/01/15-09/30/16	\$	X	0.25	=	\$
(5) Total Fees Under Negotiation	\$	X	0.90	=	\$
	TOTAL FEE CONSIDERED				\$

Proposers are cautioned that they are responsible for confirming the accuracy of their volume of work data prior to the time and date set for receipt of proposals.

Points will be awarded as follows:

Firms with no previous work with the County as a prime consultant or sub-consultant during the current fiscal year <u>and</u> previous fiscal years	5 Points
Firms with adjusted fees of \$1 through \$2,000,000	4 Points
Firms with adjusted fees of \$2,000,001 through \$3,000,000	3 Points
Firms with adjusted fees of \$3,000,001 through \$4,000,000	2 Points
Firms with adjusted fees of \$4,000,001 through \$5,000,000	1 Point
Firms with adjusted fees exceeding \$5,000,000	0 Points

When a Joint Venture submits a proposal, the volume of work awarded by the County to each Joint Venture firm will be multiplied by the percentage of participation in the Joint Venture by that firm and those adjusted figures totaled to determine the total dollar amount to be used in the category.

29. **ORAL PRESENTATIONS**

At this time, oral presentations are not contemplated for this procurement.

30. **PROCEDURES AFTER RECEIPT OF PROPOSALS**

- a. Proposals will be evaluated, scored and short-listed by a Procurement Committee based on the weighted criteria described herein.

EXHIBIT A
Request for Proposals
For Engineering Services
SOUTH WATER RECLAMATION FACILITY (SWRF)
PHASE 6A IMPROVEMENTS

This is a request for a proposals for performing the engineering services required to complete the proposed SWRF Phase 6A Improvements. Information concerning the project and the required contents of the proposal is presented in the following document. The project includes nine elements:

- New Electrical/Generator Building
- South Service Area Pump Station Improvements
- Central Receiving Building
- New SCADA Control Room
- Maintenance Building Renovation
- North 1 Aeration Basin Modifications
- North Plant Grating and Handrail
- Anaerobic Digester Exterior Renovation
- North Plant Effluent Pumps and Motors Refurbishment

PROJECT PURPOSE

The new building and generator equipment are being constructed in order to meet the standby electrical power required to keep the water reclamation facility operational during a prime power outage. The existing south service area pump station requires expansion in order to meet future reclaimed water demands. Additionally, the existing electrical equipment is beyond its useful life and requires replacement. The new Central Receiving Building is needed to provide office space for maintenance staff in addition to storage of maintenance equipment. The new SCADA Control Room is needed to allow expansion of the system and to update the technology in order to be able to monitor all County water reclamation facilities and reclaimed water storage/pumping facilities. The Maintenance Building layout is outdated and requires renovation in order to make better use of the available space. The north 1 aeration basin will be modified from its current configuration in order to make more efficient use of the structure and to improve treatment performance. In addition the existing aluminum grating and handrail are nearing the end of its useful live and will be replaced with new material. The exteriors of the four anaerobic digesters are showing cracks and need to be renovated. The north plant effluent pump station conveys treated effluent to the Conserv II facility for beneficial reuse. The pumps and motors are original and require refurbishment to restore their efficiency.

DESCRIPTION OF THE PROJECTS

New Electrical/Generator Building

The project includes the construction of a new electrical/generator building similar in size to the existing 5,000 square foot electrical/generator building which would allow the electrical system and associated emergency generation system to be upgraded with minimal impact to the existing facility operations. The location of this new building is suggested to be adjacent to the existing electrical/generator building, in the area where the existing odor control biofilter for the Solids Building is located. The new electrical/generator building should be equipped with a minimum of (2) two 2500 KW generators to the existing emergency generation system. A third 2500 KW generator would provide redundancy if any of the generators were unavailable due to repair and/or maintenance.

The project also includes the addition of at least (2) two 12,000-gallon diesel tanks to provide at least 5 days (120 hours) of fuel storage associated with the four existing units and improve the controls/operation of the existing fuel system associated with the existing four generators. Additional tanks or larger tanks would be required to provide for 7 days (168 hours) of fuel storage.

A technical memorandum describing this project has been developed. It is titled "Orange County Utilities, South Water Reclamation Facility, Standby Power Generation Technical Memorandum, August 2018". It was prepared by the joint team of Carollo Engineers, Inc. and Electrical Design Associates and is attached for reference.

South Service Area Pump Station Improvements

The project includes the expansion and upgrades for the south service area pump station. The existing pump station includes existing pump cans for three additional reclaimed water pumps of identical capacity to the existing 6,500 gpm pumps. The proposed project will install three (3) additional 600 HP vertical turbine pumps (6,500 gpm at 283 feet TDH), variable frequency drives, surge tank air compressors, and associated electrical and instrumentation. The existing pumps require refurbishment and the existing motors require replacement. In addition to the equipment for the new pump capacity the project will include replacement of existing aging electrical equipment (existing pump VFDs, existing switchgear, replacement of existing transformers).

A technical memorandum describing this project has been developed. It is titled "Project Memorandum, SWRF South Service Area Pump Station Expansion, Orange County Utilities, January 3, 2019". It was prepared by the joint team of Carollo Engineers, Inc. and Electrical Design Associates and is attached for reference.

Central Receiving Building

The project is the design and construction of a new Central Receiving Building to house maintenance staff and their equipment. The building will be a pre-engineered structure and will include offices, storage space for inventory, miscellaneous equipment and a truck loading area. Maintenance staff and their equipment will be relocated from the existing Maintenance Building to this new building once it is completed. A technical memorandum describing this project has been developed. It is titled "Project Memorandum, SWRF Central Receiving Building, Orange County Utilities, April 10, 2019". It was prepared by the joint team of Carollo Engineers, Inc. and is attached for reference.

New SCADA Control Room

The project is the design and construction of a new SCADA Control Room. The technology will be upgraded in order to meet the latest County Standards. A technical memorandum describing this project has been developed. It is titled "Project Memorandum, SWRF New SCADA Control Room, Orange County Utilities, May 8, 2019". It was prepared by the joint team of Carollo Engineers, Inc. and is attached for reference.

Maintenance Building Renovation

The project is the renovation of the existing maintenance building. As maintenance staff will be relocated to the new Central Receiving Building, the interior areas of the building will require remodeling in order to meet the needs of staff moving forward. A technical memorandum describing this project has been developed. It is titled "Project Memorandum, SWRF Maintenance Building Renovation, Orange County Utilities, April 25, 2019". It was prepared by the joint team of Carollo Engineers, Inc. and is attached for reference.

North 1 Aeration Basin Modifications

The project is modifying the North 1 Aeration Basin from a modified step-feed process to a conventional plug flow aeration basin. Anticipated work includes replacing gates, adding gates, concrete demolition and redistribution of the diffuser pattern. Drawings describing this project have been developed. They were prepared by the joint team of Black & Veatch/AECOM and are attached for reference.

North Plant Grating and Handrail

The project is the replacement of the existing aluminum grating and handrail at the North 1 aeration basin. The existing grating and handrail are original to the structure and are reaching the end of their useful lives.

Anaerobic Digester Exterior Renovation

The project is the renovation of the exteriors of the four existing anaerobic digesters. Cracks are apparent in the exterior and renovation is required in order to restore them to original condition.

North Plant Effluent Pump Station Pump and Motor Rehabilitation

The project is the rehabilitation of the 1000-hp vertical turbine pumps and motors.

III

DESIGN WITHIN FUNDING LIMITATIONS

- A. The CONSULTANT shall accomplish the design services required under this Contract, when applicable, so as to permit the award of a contract (using standard Orange County procedures for the construction of the facilities) at a price that does not exceed the estimated construction contract price as set forth in paragraph C below. When bids or Proposals for the construction contract are received that exceed the estimated price, the CONSULTANT shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this Contract.

However, the CONSULTANT shall not be required to perform such additional services at no cost to the COUNTY if the unfavorable bids or Proposals result from conditions beyond the CONSULTANT'S reasonable control. The COUNTY shall exercise reasonable commercial judgment in making the controlling determinations as to whether such conditions are within the reasonable control of the CONSULTANT.

- B. The CONSULTANT will promptly advise the COUNTY if it finds that the project being designed will exceed or is likely to exceed the funding limitations and it is unable to design a usable facility within these limitations. Upon receipt of such information, the COUNTY will review the CONSULTANT'S revised estimate of construction cost. The COUNTY may, if it determines that the estimated construction contract price set forth in this Contract is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph C below, or the COUNTY may adjust such estimated construction contract price via amendment to this Contract. When bids or Proposals are not solicited or are unreasonably delayed, the COUNTY shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or Proposals to determine compliance with the funding limitation.
- C. The estimated construction contract price for the project described in this Contract is \$31,000,000, or as modified by the County.
- D. THE CONSULTANT and its subsidiaries or affiliates who designed the project shall be ineligible for the award of the construction contract for that project.

IV
RESPONSIBILITY OF THE CONSULTANT

- A. The CONSULTANT shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the CONSULTANT under this Contract. The CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services.
- B. The Project Manager and the Project Engineer must be two separate individuals. Both must be professional engineers registered in the State of Florida.
- C. Substitution of the Project Manager, Project Engineer or Other Key Personnel: The CONSULTANT shall not substitute any key personnel without the prior written approval of the Manager of the Procurement Division. Any such requests shall be supported by comprehensive documentation outlining the reason(s) for the proposed substitution to include the specific qualifications of the proposed substitute. Approval of the request shall be at the discretion of the COUNTY. Further, the COUNTY, in lieu of approving a substitution, may initiate other actions under the contract, including termination.
- D. Neither the COUNTY'S review, approval or acceptance of, nor payment for, the services required under this Contract shall be construed to operate as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and the CONSULTANT shall be and remain liable to the COUNTY in accordance with applicable law for all damages suffered directly or indirectly by the COUNTY caused by the CONSULTANT'S negligent performance of any of the services furnished under this Contract. The rights and remedies of the COUNTY provided for under this Contract are in addition to any other rights and remedies provided by law.
- E. If the CONSULTANT is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- F. The COUNTY may require in writing that the CONSULTANT remove from the Work any of the CONSULTANT'S personnel that the COUNTY determines to be incompetent, careless or otherwise objectionable. No claims for an increase in Contract Amount or Contract Time based on the COUNTY's use of this provision will be valid. CONSULTANT shall indemnify and hold the County harmless from and against any claim by CONSULTANT'S personnel on account of the use of this provision.
- G. For contracts requiring design services, the CONSULTANT shall comply with the following requirements:
 - 1. Concurrent with submission of the 90% design submittal to the user division, the CONSULTANT shall provide a copy to the Procurement Division, 400 E. South St., 2nd Floor, Orlando, FL 32801

2. Concurrent with the submission of the 100% design submittal to the user division, the CONSULTANT shall submit a complete breakdown of the subcontracting opportunities for the project based on traditional industry practices and their expertise to the Business Development Division, 400 E. South St., Orlando, FL 32801. This information will identify subcontracting elements such as electrical, trucking, sodding, surveying, etc. with the estimated percentage of the total project represented by each subcontracting element.
3. Direct Purchases: For projects for which construction is valued at \$10,000,000, or for lesser amounts as determined by the COUNTY, the COUNTY may, at its discretion, use the direct purchase method for large dollar value equipment and materials. The CONSULTANT shall, for those projects meeting this criterion, identify all items to be incorporated into the work for which the estimated cost is \$100,000 or more, for potential direct purchase by the COUNTY. A separate listing of these items with quantities and estimated cost shall be provided with the 90% design documents to the user division and to the Procurement Division at address shown above.

V

COUNTY'S RIGHTS AND RESPONSIBILITIES

The COUNTY shall:

- A. Furnish the CONSULTANT with existing data, plans, profiles, and other information necessary or useful in connection with the planning of the program that is available in the COUNTY'S files, all of which shall be and remain the property of the COUNTY and shall be returned to the COUNTY upon completion of the services to be performed by the CONSULTANT.
- B. Make COUNTY personnel available on a time-permitting basis, where required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely within the discretion of the COUNTY.

VI

COUNTY'S 'DESIGNATED' REPRESENTATIVE

- B. Transmission of instructions, receipt of information, and interpretation and definition of COUNTY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.

- C. Prompt written notice by the COUNTY to the CONSULTANT whenever the COUNTY observes, or otherwise becomes aware of, any defects or changes necessary in the Project.

VII **TERMINATION OF CONTRACT**

A. TERMINATION FOR DEFAULT:

2. deliver the supplies or to perform the services within the time specified in this contract or any extension.
3. make progress so as to endanger performance of this contract

Prior to termination for default, the County will provide adequate written notice to the CONSULTANT through the Manager, Procurement Division, affording him/her the opportunity to cure the deficiencies or to submit a specific plan to resolve the deficiencies within ten (10) days (or the period specified in the notice) after receipt of the notice. Failure to adequately cure the deficiency shall result in termination action. Such termination may also result in suspension or debarment of the CONSULTANT in accordance with the County's Procurement Ordinance. The CONSULTANT shall be liable for any damage to the County resulting from the Consultant's default of the contract. This liability includes any increased costs incurred by the County in completing contract performance.

In the event of termination by the County for any cause, the CONSULTANT will have, in no event, any claim against the County for lost profits or compensation for lost opportunities. After a receipt of a Termination Notice and except as otherwise directed by the County the CONSULTANT shall:

1. Stop work on the date and to the extent specified.
2. Terminate and settle all orders and subcontracts relating to the performance of the terminated work
3. Transfer all work in process, completed work, and other materials related to the terminated work as directed by the County.
4. Continue and complete all parts of that work that have not been terminated.

If the CONSULTANT'S failure to perform the contract arises from causes beyond the control and without the fault or negligence of the CONSULTANT, the contract shall not be terminated for default. Examples of such causes include (1) acts of God or the public enemy, (2) acts of a government in its sovereign capacity, (3) fires, (4) floods, (5) epidemics, (6) strikes and (7) unusually severe weather.

B. TERMINATION FOR CONVENIENCE:

The County, by written notice, may terminate this contract, in whole or in part, when it is in the County's interest. If this contract is terminated, the County shall be liable only for goods or services delivered and accepted. The County Notice of Termination shall provide the Consultant thirty (30) days prior notice before it becomes effective. A termination for convenience may apply to individual purchase orders or to the contract in its entirety.

C. PAYMENT IN EVENT OF TERMINATION:

If this Contract is terminated before performance is completed, the CONSULTANT shall be paid for the work satisfactorily performed. Payment is to be on the basis of substantiated costs, not to exceed an amount that is the same percentage of the Contract price as the amount of work satisfactorily completed is a percentage of the total work called for by the Contract. Any additional costs incurred by the COUNTY as a result of such termination shall be deducted from the amount due the CONSULTANT, in the event the Contract termination is for cause as described herein.

D. TERMINATION NOTICE

The Manager, Procurement Division, shall issue any and all notices involving termination of this contract.

**FREQUENTLY ASKED QUESTIONS (FAQ) ABOUT THE SPECIFIC PROJECT
EXPENDITURE REPORT**

Updated 3-1-11

WHAT IS A SPECIFIC PROJECT EXPENDITURE REPORT (SPR)?

A Specific Project Expenditure Report (SPR) is a report required under Section 2-354(b) of the Orange County Lobbying Ordinance, codified at Article X of Chapter 2 of the Orange County Code, reflecting all lobbying expenditures incurred by a principal and his/her authorized agent(s) and the principal's lobbyist(s), contractor(s), subcontractor(s), and consultant(s), if applicable, for certain projects or issues that will ultimately be decided by the Board of County Commissioners (BCC).

Matters specifically exempt from the SPR requirement are ministerial items, resolutions, agreements in settlement of litigation matters in which the County is a party, ordinances initiated by County staff, and some procurement items, as more fully described in 2.20 of the Administrative Regulations.

Professional fees paid by the principal to his/her lobbyist for the purpose of lobbying need not be disclosed on this form. (See Section 2-354(b), Orange County Code.)

WHO NEEDS TO FILE THE SPR?

The principal or his/her authorized agent needs to complete and sign the SPR and warrant that the information provided on the SPR is true and correct.

A principal that is a governmental entity does not need to file an SPR.

HOW ARE THE KEY RELEVANT TERMS DEFINED?

Expenditure means "a payment, distribution, loan, advance, reimbursement, deposit, or anything of value made by a lobbyist or principal for the purpose of lobbying. This may include public relations expenditures (including but not limited to petitions, flyers, purchase of media time, cost of print and distribution of publications) but does not include contributions or expenditures reported pursuant to Chapter 106, Florida Statutes, or federal election law, campaign-related personal services provided without compensation by individuals volunteering their time, any other contribution or expenditure made by or to a political party, or any other contribution or expenditure made by an organization that is exempt from taxation under 26 U.S.C. s. 527 or s. 501(c)(4)." (See Section 112.3215, Florida Statutes.) Professional fees paid by the principal to his/her lobbyist for the purpose of lobbying are not deemed to be "expenditures." (See Section 2-354, Orange County Code.)

Lobbying means seeking "to encourage the approval, disapproval, adoption, repeal, rescission, passage, defeat or modification of any ordinance, resolution, agreement, development permit, other type of permit, franchise, vendor, consultant, contractor, recommendation, decision or other foreseeable action of the [BCC]," and "include[s] all communications, regardless of whether initiated by the lobbyist or by the person being lobbied, and regardless of whether oral, written or electronic." (See Section 2-351, Orange County Code.) Furthermore, *lobbying* means communicating "directly with the

County Mayor, with any other member of the [BCC], or with any member of a procurement committee.” (See Section 2-351, Orange County Code.) *Lobbying* also means communicating “indirectly with the County Mayor or any other member of the [BCC]” by communicating with any staff member of the Mayor or any member of the BCC, the county administrator, any deputy or assistant county administrator, the county attorney, any county department director, or any county division manager. (See Section 2-351, Orange County Code.) *Lobbying* does not include the act of appearing before a Sunshine Committee, such as the Development Review Committee or the Roadway Agreement Committee other than the BCC.

Principal means “the person, partnership, joint venture, trust, association, corporation, governmental entity or other entity which has contracted for, employed, retained, or otherwise engaged the services of a lobbyist.” *Principal* may also include a person, partnership, joint venture, trust, association, corporation, limited liability corporation, or other entity where it or its employees do not qualify as a lobbyist under the definition set forth in Section 2-351 of the Orange County Code but do perform lobbying activities on behalf of a business in which it has a personal interest.

DOES THE SPR NEED TO BE UPDATED IF INFORMATION CHANGES?

Yes. It remains a continuing obligation of the principal or his/her authorized agent to update the SPR whenever any of the information provided on the initial form changes.

WHERE DO THE SPR AND ANY UPDATES NEED TO BE FILED?

The SPR needs to be filed with the County Department or County Division processing the application or matter. If and when an additional expenditure is incurred subsequent to the initial filing of the SPR, an amended SPR needs to be filed with the County Department or County Division where the original application, including the initial SPR, was filed.

WHEN DO THE SPR AND ANY UPDATES NEED TO BE FILED?

In most cases, the initial SPR needs to be filed with the other application forms. The SPR and any update must be filed with the appropriate County Department or County Division not less than seven (7) days prior to the BCC hearing date so that they may be incorporated into the BCC agenda packet. (See Section 2-354(b), Orange County Code.) When the matter is a discussion agenda item or is the subject of a public hearing, and any additional expenditure occurs less than 7 days prior to BCC meeting date or updated information is not included in the BCC agenda packet, the principal or his/her authorized agent is obligated to verbally present the updated information to the BCC when the agenda item is heard or the public hearing is held. When the matter is a consent agenda item and an update has not been made at least 7 days prior to the BCC meeting or the update is not included in the BCC agenda packet, the item will be pulled from the consent agenda to be considered at a future meeting.

WHO WILL BE MADE AWARE OF THE INFORMATION DISCLOSED ON THE SPR AND ANY UPDATES?

The information disclosed on the SPR and any updates will be a public record as defined by Chapter 119, Florida Statutes, and therefore may be inspected by any interested person. Also, the information will be made available to the Mayor and the BCC members. This information will accompany the other information for the principal's project or item.

CONCLUSION:

We hope you find this FAQ useful to your understanding of the SPR. Please be informed that in the event of a conflict or inconsistency between this FAQ and the requirements of the applicable ordinance governing specific project expenditure reports, the ordinance controls.

Also, please be informed that the County Attorney's Office is not permitted to render legal advice to a principal, his/her authorized agent, or any other outside party. Accordingly, if after reading this FAQ the principal, his/her authorized agent or an outside party has any questions, he/she is encouraged to contact his/her own legal counsel.

FREQUENTLY ASKED QUESTIONS (FAQ)
ABOUT THE
RELATIONSHIP DISCLOSURE FORM
Updated 6-28-11

WHAT IS THE RELATIONSHIP DISCLOSURE FORM?

The Relationship Disclosure Form (form OC CE 2D and form OC CE 2P) is a form created pursuant to the County's Local Code of Ethics, codified at Article XIII of Chapter 2 of the Orange County Code, to ensure that all development-related items and procurement items presented to or filed with the County include information as to the relationship, if any, between the applicant and the County Mayor or any member of the Board of County Commissioners (BCC). The form will be a part of the backup information for the applicant's item.

WHY ARE THERE TWO RELATIONSHIP DISCLOSURE FORMS?

Form OC CE 2D is used only for development-related items, and form OC CE 2P is used only for procurement-related items. The applicant needs to complete and file the form that is applicable to his/her case.

WHO NEEDS TO FILE THE RELATIONSHIP DISCLOSURE FORM?

Form OC CE 2D should be completed and filed by the owner of record, contract purchaser, or authorized agent. Form OC CE 2P should be completed and filed by the bidder, offeror, quoter, or respondent, and, if applicable, their authorized agent. In all cases, the person completing the form must sign the form and warrant that the information provided on the form is true and correct.

WHAT INFORMATION NEEDS TO BE DISCLOSED ON THE RELATIONSHIP DISCLOSURE FORM?

The relationship disclosure form needs to disclose pertinent background information about the applicant and the relationship, if any, between, on the one hand, the applicant and, if applicable, any person involved with the item, and on the other hand, the Mayor or any member of the BCC.

In particular, the applicant needs to disclose whether any of the following relationships exist: (1) the applicant is a business associate of the Mayor or any member of the BCC; (2) any person involved with the approval of the item has a beneficial interest in the outcome of the matter *and* is a business associate of the Mayor or any member of the BCC; (3) the applicant is a relative of the Mayor or any member of the BCC; or (4) the Mayor or any member of the BCC is an employee of the applicant. (See Section 2-454, Orange County Code.)

HOW ARE THE KEY RELEVANT TERMS DEFINED?

Applicant means, for purposes of a development-related project, the owner, and, if applicable, the contract purchaser or owner's authorized agent. *Applicant* means, for purposes of a procurement item, the bidder, offeror, quoter, respondent, and, if applicable, the authorized agent of the bidder, offeror, quoter, or respondent.

Business associate means any person or entity engaged in or carrying on a business enterprise with a public officer, public employee, or candidate as a partner, joint venture, corporate shareholder where the shares of such corporation are not listed on any national or regional stock exchange, or co-owner of property. In addition, the term includes any person or entity engaged in or carrying on a business enterprise, or otherwise engaging in common investment, with a public officer, public employee, or candidate as a partner, member, shareholder, owner, co-owner, joint venture partner, or other investor, whether directly or indirectly, whether through a Business Entity or through interlocking Parent Entities, Subsidiary Entities, or other business or investment scheme, structure, or venture of any nature. (See Section 112.312(4), Florida Statutes, and Section 2-452(b), Orange County Code.)

Employee means any person who receives remuneration from an employer for the performance of any work or service while engaged in any employment under any appointment or contract for hire or apprenticeship, express or implied, oral or written, whether lawfully or unlawfully employed, and includes, but is not limited to, aliens and minors. (See Section 440.02(15), Florida Statutes.)

Relative means an individual who is related to a public officer or employee as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, half sister, grandparent, great grandparent, grandchild, great grandchild, step grandparent, step great grandparent, step grandchild, step great grandchild, person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee. (See Section 112.312(21), Florida Statutes.)

DOES THE RELATIONSHIP DISCLOSURE FORM NEED TO BE UPDATED IF INFORMATION CHANGES?

Yes. It remains a continuing obligation of the applicant to update this form whenever any of the information provided on the initial form changes.

WHERE DO THE RELATIONSHIP DISCLOSURE FORM AND ANY SUBSEQUENT UPDATES NEED TO BE FILED?

For a development-related item, the Relationship Disclosure Form and any update need to be filed with the County Department or County Division where the applicant filed the application. For a procurement item, the Relationship Disclosure Form and any update need to be filed with the Procurement Division.

WHEN DO THE RELATIONSHIP DISCLOSURE FORM AND ANY UPDATES NEED TO BE FILED?

In most cases, the initial form needs to be filed when the applicant files the initial development-related project application or initial procurement-related forms. However, with respect to a procurement item, a response to a bid will not be deemed unresponsive if this form is not included in the initial packet submitted to the Procurement Division.

If changes are made after the initial filing, the final, cumulative Relationship Disclosure Form needs to be filed with the appropriate County Department or County Division processing the application not less than seven (7) days prior to the scheduled BCC agenda date so that it may be incorporated into the BCC agenda packet. When the matter is a discussion agenda item or is the subject of a public hearing, and an update has not been made at least 7 days prior to BCC meeting date or is not included in the BCC agenda packet, the applicant is obligated to verbally present such update to the BCC when the agenda item is heard or the public hearing is held. When the matter is a consent agenda item and an update has not been made at least 7 days prior to the BCC meeting or the update is not included in the BCC agenda packet, the item will be pulled from the consent agenda to be considered at a future meeting.

WHO WILL REVIEW THE INFORMATION DISCLOSED ON THE RELATIONSHIP DISCLOSURE FORM AND ANY UPDATES?

The information disclosed on this form and any updates will be a public record as defined by Chapter 119, Florida Statutes, and may therefore be inspected by any interested person. Also, the information will be made available to the Mayor and the BCC members. This form and any updates will accompany the information for the applicant's project or item.

However, for development-related items, if an applicant discloses the existence of one or more of the relationships described above and the matter would normally receive final consideration by the Concurrency Review Committee or the Development Review Committee, the matter will be directed to the BCC for final consideration and action following committee review.
